

Practical Prompting for Reliable Results

4 instructional hours

\$675 per participant

Live virtual, instructor-led

4 hours: half day or two 2-hour sessions. Private onsite delivery by quote. Contact us for upcoming dates.

What you'll work on

Iterate on instructions, context, examples, and output criteria for a realistic work task.

What you will be able to do

1. Write prompts that state the role, context, task, examples, and output criteria.
2. Iterate a prompt through at least three versions and record what changed and why.
3. Judge outputs against a quality checklist; revise or reject outputs that do not meet it.

What you leave with: work products & reusable resources

- Reusable prompt library
- Prompt-planning template
- Iteration log
- Quality checklist

Who it is for

Professionals who want clearer and more consistent AI assistance.

Before you enroll

Basic familiarity with an approved AI assistant.

Also delivered as

GenAI and Prompting

How the 4 hours run

A Assess 30 min	Score a prompt you use today against the elements of a reliable prompt.
X eXplore 1 hr 10 min	Instructions, context, examples, constraints, and format, and why outputs vary between runs.
I Implement 2 hr	Iterate on a realistic work task, log each revision, and test the final prompt on a second input.
S Sustain 20 min	Assemble a reusable prompt library and planning template for your team.

Complete this course

Attend the live instructional hours and submit the course work products listed above.

This individual course has no formal assessment or capstone requirement. The hands-on activities help you practice and apply what you learn.

Digital badges and certificates of completion are issued through Certifier with a verification link.

Formal capstone assessment applies only when completing a full AI Mastery or role certificate pathway through AXL-30.

Enrollment & pricing

Private team training — quoted by scope. Pricing includes program preparation and facilitation, plus participant materials and resources.

Customization, travel and split-session delivery are scoped separately. Individual tuition: four-hour courses \$675; eight-hour courses \$995 for both four-hour parts, or \$675 per part purchased separately. Full-pathway pricing is listed separately.

Individual course credentials recognize completion. Full AI Mastery and role certificate credentials also require passing the AXL-30 capstone. They are not academic credit, a professional license, or an accredited, government-endorsed or continuing-education-approved credential. Tuition is standard commercial pricing, not a GSA Schedule rate.
