

AI for Process Mapping and Work Redesign

8 instructional hours**\$995 per participant**

Live virtual, instructor-led

8 hours: Part 1 and Part 2, four hours each. Private onsite delivery by quote. Contact us for upcoming dates.

What you'll work on

Compare current and redesigned workflows, defining review points and employee responsibilities.

What you will be able to do

1. Document a current-state workflow.
2. Design a future-state workflow with defined human review points and employee responsibilities.
3. Assess the impact on roles and set controls for the redesigned work.

What you leave with: work products & reusable resources

- Current and future workflow maps
- Role-impact worksheet
- Control checklist

Who it is for

Operations, change, HR, and process-improvement teams.

Before you enroll

Familiarity with the process being examined.

How the 8 hours run

Part 1 · Map the current work · 4 hours

Assess and eXplore (3½ hours), then begin the applied exercise (½ hour). Work products: A current-state process map and initial AI opportunity and review-point notes.

Part 2 · Redesign the workflow · 4 hours

Continue Implement (3½ hours), then Sustain (½ hour). Work products: A future-state workflow, role-impact worksheet, and control checklist.

Tuition: \$995 per participant for both parts, or \$675 per part purchased separately. Part 2 builds on Part 1; contact Axis about equivalent preparation before enrolling in Part 2 alone. Full-course completion requires both parts and the course work products.

A Assess 1 hr	Choose the process and gather how it actually runs today.
X eXplore 2 hr 30 min	Work redesign principles, review points, and how AI changes who does what.
I Implement 4 hr	Map current and future workflows and complete the role-impact worksheet.
S Sustain 30 min	Finalize the control checklist and prepare next steps for stakeholder review.

Complete this course

Attend the live instructional hours and submit the course work products listed above.

This individual course has no formal assessment or capstone requirement. The hands-on activities help you practice and apply what you learn.

Digital badges and certificates of completion are issued through Certifier with a verification link.

Formal capstone assessment applies only when completing a full AI Mastery or role certificate pathway through AXL-30.

Individual course credentials recognize completion. Full AI Mastery and role certificate credentials also require passing the AXL-30 capstone. They are not academic credit, a professional license, or an accredited, government-endorsed or continuing-education-approved credential. Tuition is standard commercial pricing, not a GSA Schedule rate.
