

Building Reusable AI Workflows

4 instructional hours**\$675 per participant**

Live virtual, instructor-led

4 hours: half day or two 2-hour sessions. Private onsite delivery by quote. Contact us for upcoming dates.

What you'll work on

Build and test a repeatable sequence with defined inputs, instructions, outputs, and checks.

What you will be able to do

1. Define the inputs, instructions, outputs, and checks for a repeatable AI sequence.
2. Build the sequence and test it against defined cases.
3. Document a handoff so a colleague can run it.

What you leave with: work products & reusable resources

- Workflow playbook
- Reusable instructions
- Test cases
- Handoff checklist

Who it is for

Professionals moving beyond one-off prompts.

Before you enroll

AI fundamentals and practical prompting experience; no coding required.

You build a repeatable AI-assisted workflow and handoff guide. Production software deployment and connected-system integration are outside this course.

How the 4 hours run

A Assess 30 min	Pick a task you repeat and list what goes in and what must come out.
X eXplore 1 hr 10 min	Breaking work into steps, reusable instructions, and building in checks.
I Implement 2 hr	Build the workflow, run it against the test cases, and fix what fails.
S Sustain 20 min	Complete the workflow playbook and handoff checklist.

Complete this course

Individual course credentials recognize completion. Full AI Mastery and role certificate credentials also require passing the AXL-30 capstone. They are not academic credit, a professional license, or an accredited, government-endorsed or continuing-education-approved credential. Tuition is standard commercial pricing, not a GSA Schedule rate.
